ST 785G Evidences

Tuesday Evenings, 6-9 PM, Beginning August 25

Students seek to develop a Biblical world and life view in contrast to that underlying unbelieving thought and culture. This course surveys many of the critical challenges that have been advanced against the Christian faith. Biblical, historical, archaeological, and scientific evidences are used to answer the critics and demonstrate the reliability and accuracy of Scripture.

Dr. Ross brings 30 years of pastoral ministry to his current work of training leaders for the church. His writings include *Let's Study Matthew* (Banner of Truth, 2009) and "The Inerrancy of Holy Scripture" in *The Reformation Study Bible* (Reformation Trust, 2015). He is a minister in the Associate Reformed Presbyterian Church. Education: B.A., University of Pittsburgh, 1974; M.Div., Pittsburgh Theological Seminary, 1979; Ph.D., University of Keele, England, 1984.
