### PM 705 Supervised Ministry

Hybrid: Beginning Saturday May 15, On Campus, 10:00am - 5:00pm

This course offers the students the opportunity to work in a structured ministry setting with an approved supervisor. The focus of the learning centers on the student's own learning goals which the student designs with emphasis on spiritual formation, theology, and ministry practice. The classroom sessions help the student integrate theory and practice of ministry by the use of case studies, group interaction, and peer feedback.

No stranger to failure, burn-out, and pastor-fatigue, John Paul even survived the 2010 earthquake in Haiti as a Th.M. student on a short-term Erskine Theological Seminary sponsored mission trip. John Paul has continued stumbling along through various academic adventures including his Ph.D. studies at Aberdeen University. Most of his day to day routine is devoted to writing puppet sketches, jumping ditches while being chased by a local dog, and honking on a saxophone - all part of his serving as the minister of Troy Associate Reformed Presbyterian Church. These experiences (and more) gird the entertaining educational atmosphere of his courses.
